

Pre-Employment and Transition Services for Young Adults with Disabilities

Columbus Connects Program

Dear Student and Parents/Guardians,

Since 1968 Columbus Community Center’s mission has been to support the growth, development, and independence of persons with disabilities. We are excited to roll out our new Columbus Connects Program. This program will guide students with disabilities, and their families, through job exploration, work-based learning experiences, postsecondary educational counseling, guidance in navigating government and community resources, as well as skills training for workplace readiness, social skills, independent living, and self-advocacy. Each student and their family will be working one-on-one with a Pre-Employment Specialist.

Program cost: \$0.00

We look forward to connecting with you!

Karla Steadman
Program Director, Columbus Connects
